FORMATO

We design & supply artwork for Interior Design projects.

-
- Hotels
 - Build to Rent
 - Student Housing
 - Co-Living
 - Offices
 - Retail
 - Restaurants
 - Residential

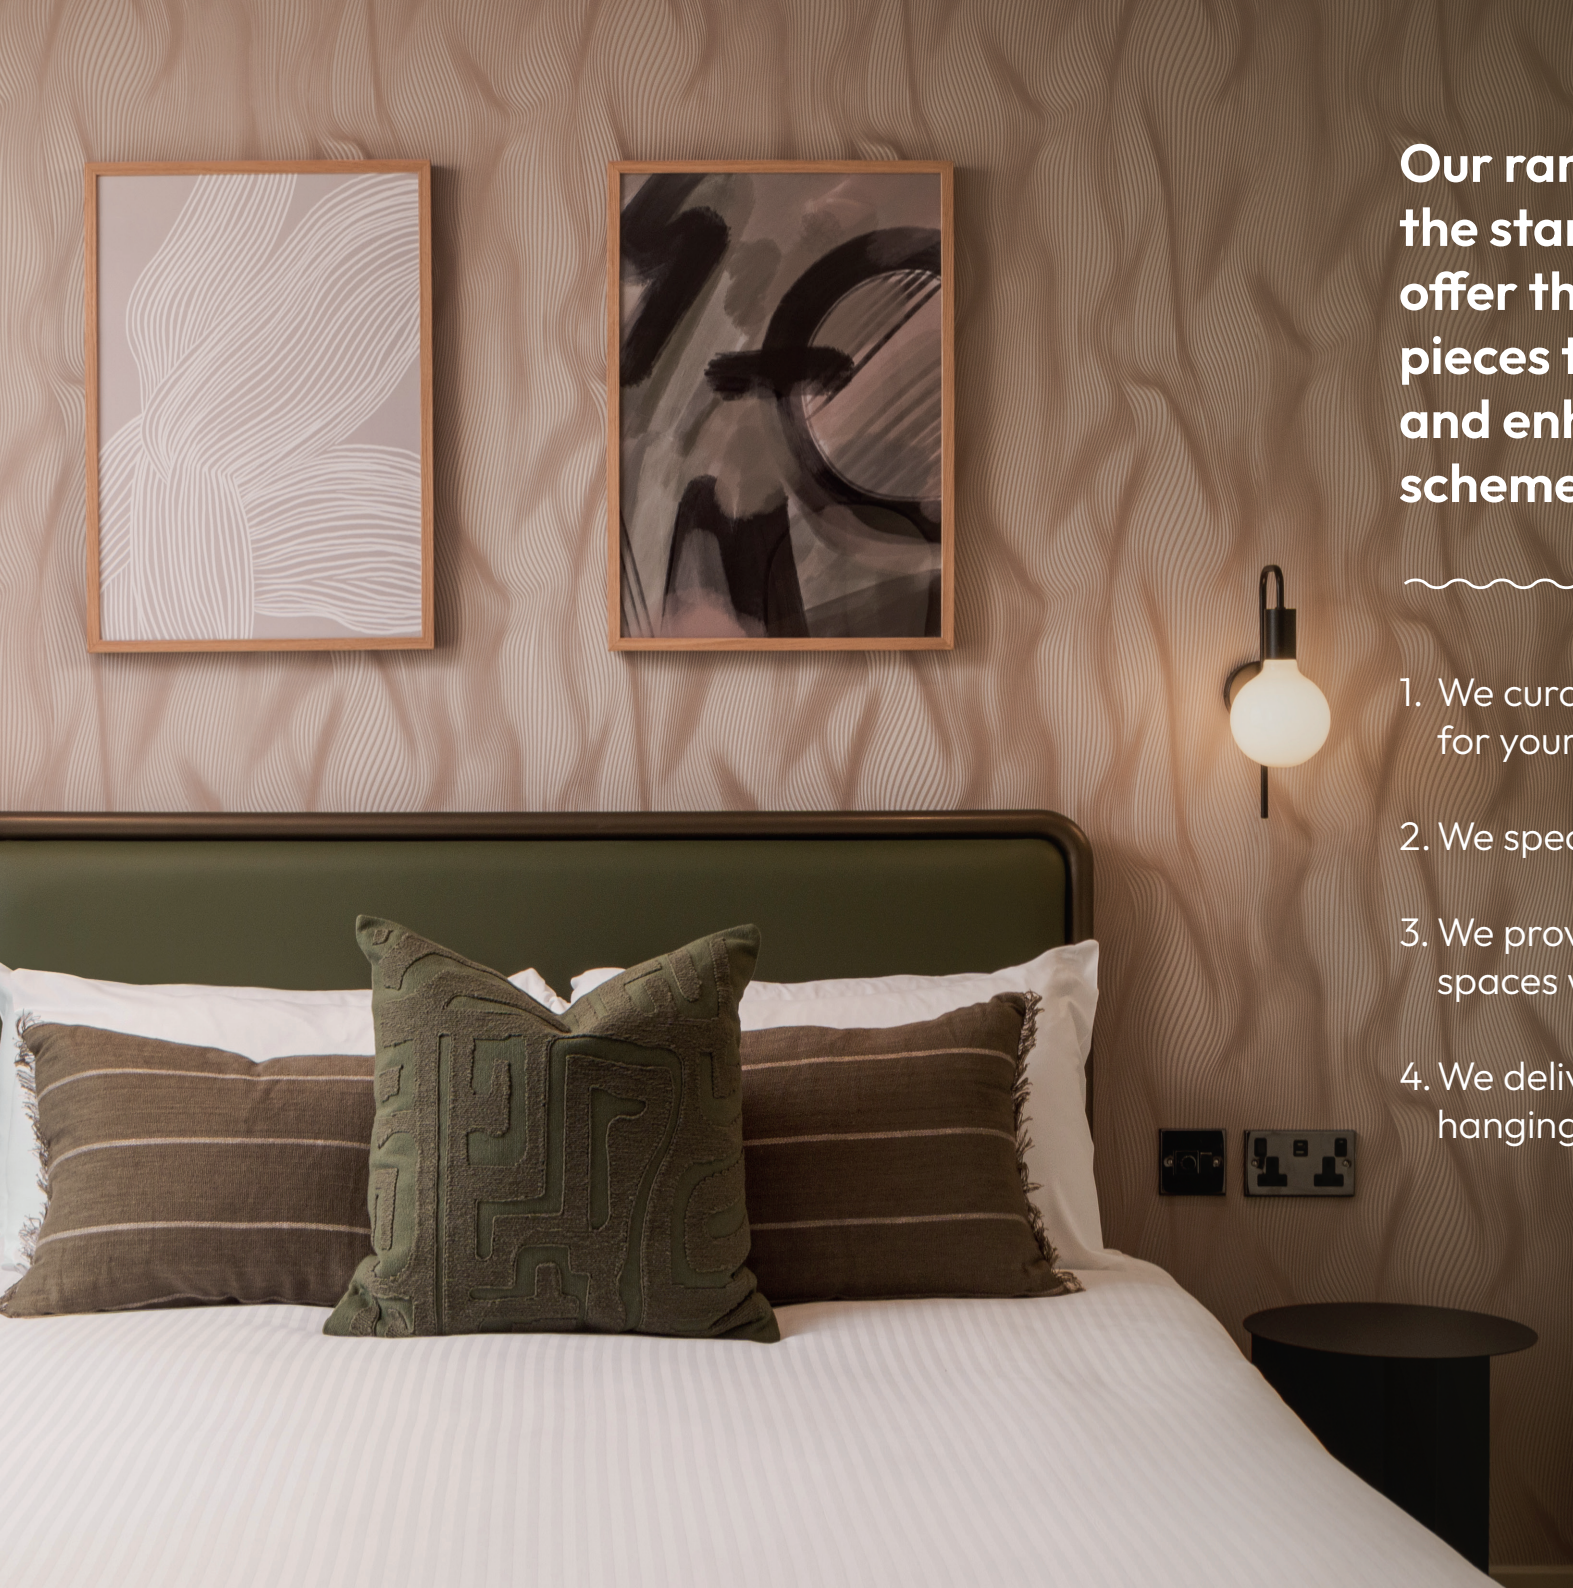

**Our mission is to create products
that inspire, promote wellbeing,
and care for the environment.**

We are deeply committed to sustainability and recognise the significance of selecting appropriate materials and suppliers to meet the sustainable standards.

Our team includes interior designers, illustrators, architects, and graphic designers. We have a deep understanding of the interior design industry and recognise the significant impact that artwork can have on a space.

Our range of artwork is just the starting point: we also offer the creation of custom pieces that will complement and enhance the colour scheme and style of a space.

1. We curate or design the artwork for your spaces
2. We specify based on your budget
3. We provide visualisations of your spaces with the selected artwork
4. We deliver the artwork ready for hanging

We can craft the specification of the artwork based on the colour scheme, budget and style you wish to achieve.

~~~~~  
You can choose from:

- Our catalogue of art prints
- Fully customised art based on your project
- Framed or unframed canvas print
- Framed fine art paper print

# Canvas print

---

## Canvas material

Poly cotton blend with a matte/ satin finish. Scratch, crack, & warp resistant. 344 gsm weight & 17.5 mil thickness. Each frame is crafted from ethically sourced wood from renewable forests.

## Canvas giclée prints

High-quality print canvas, ready to hang with included back hanging. Strong vibrant colours from sustainable water-based HP latex inks and protected with UV coatings.

## Framing

Our floater frames are crafted from either oak or poplar hardwood, giving your canvas the appearance of floating within the frame. Comes in black, white and oak to suit any artwork.

## Floater frames

The floater canvas frames give the appearance of floating within the frame. They are 4,5 cm deep and made of solid wood. They come in black, white, and oak.

## Ready to hang

Each print comes ready to hang with pre-installed sawtooth hardware and rubber bumpers to protect your wall and keep your artwork perfectly aligned.

## Stretcher bar

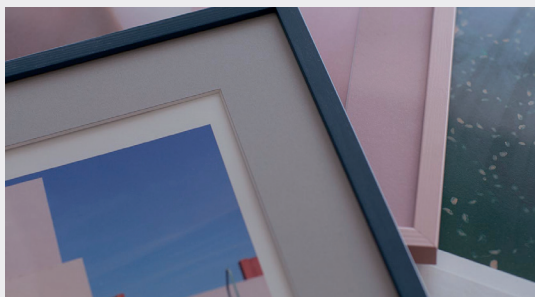

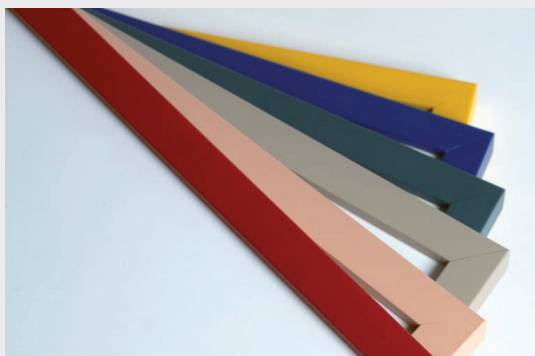

A depth of 3,2 cm and made from 100% renewable, kiln-dried, knot-free, finger jointed wood.

# Fine art paper print

---

## Fine art prints

Our premium natural matte fine art paper, with a smooth, matte texture, offers a high-quality, natural finish perfect for digital prints.

## Framing

Handmade in Italy, our frames with premium plexiglass are crafted to the highest standards. Choose from wooden frames in dark or light oak, or vibrant colors like black, white, red, yellow, and blue.

## Passepartout / mat:

Add an elegant passepartout / mat to create a professional gallery look with a white or colored border around your artwork.

## Paper and print

Museum grade and archival  
Acid-free and lignin-free, ensuring long-term preservation without yellowing or degradation. Combined with pigment-based inks, the printing process delivers high color accuracy for museum-quality reproduction.

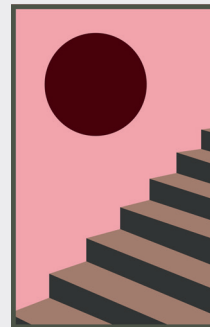

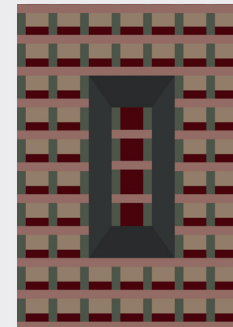

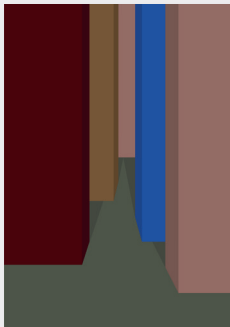

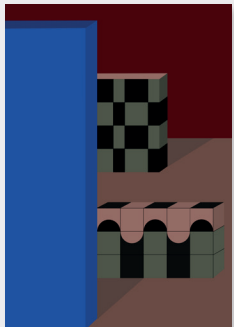

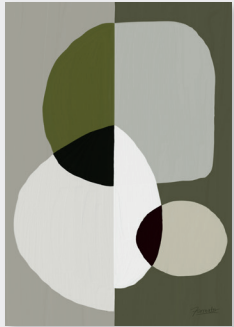

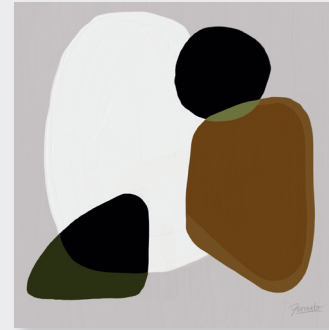

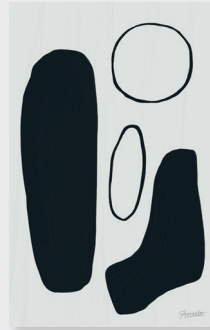

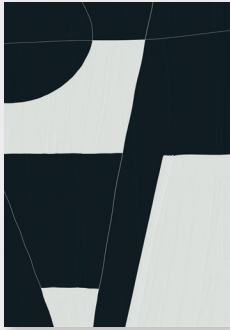

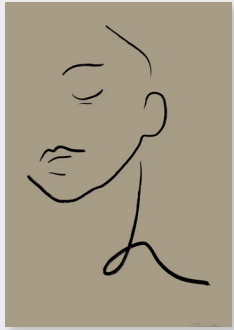

## Ready to hang

Each print comes ready to hang with pre-installed sawtooth hardware and rubber bumpers to protect your wall and keep your artwork perfectly aligned.

## Selection of artwork

These are only a few of many, request full collection catalogue or order a customised artwork based on your interior design colour scheme and style.
